of horses

Greenlip Pure

Special features of *Greenlip Pure*:

- ✓ Wide-variety of substances of the New Zealand green-lipped mussel (80%) to support the musculoskeletal system
- ✓ Carefully processed into a pellet to ensure an ideal intake

Extract of the New Zealand green-lipped mussel for horses

Greenlip Pure contains a wide variety of substances found in the New Zealand green-lipped mussel (80%) to support the horse's musculoskeletal system. Especially effective to treat horses with problems with the tendons, ligaments, cartilage and joints. Can also be used as a therapy to prevent any of the mentioned problems.

The green-lipped mussel that we use has its guaranteed heritage in the nature-left maritime land in New Zealand. It is free of grit, sand and other substances. Additionally a certificate of analysis and examinations of every production guarantees that it is free of substances such as heavy metals, toxins and germs in the mussel meat.

Feeding recommendations:

Large horses: 5 – 10 g daily

Ponys and small horses: 2 - 5 g daily

Contains fish meal – should not be fed ruminants

Ideally suited:

- ✓ *As a supplement for problems of joints, cartilage, ligaments and/or tendons*

Composition

New Zealand green-lipped mussel, linseed expeller, sugar beet molasses, vegetable fat

Analytical components

Crude protein	43,8 %
Crude oil and fat	12,7 %
Crude fibre	2,0 %

Garantierte
Qualität!
