

LEXA[®] Horse Feed

for the
love
of horses

Natur Mash

Special features of Natur Mash:

- ✓ Easily digestible
- ✓ Stimulates digestion and appetite
- ✓ Contains a chosen combination of herbs to support a functioning digestion
- ✓ Very tasty
- ✓ An ideal support for regeneration
- ✓ Additionally enriched with brewer's yeast to have a natural supply of enzymes and b-vitamins
- ✓ Quick preparation time

Tested and proven mash which is rich in vital substances and enriched with herbs for the digestion and linseed oil

Ideally suited:

- ✓ For stressed or heavily strained horses
- ✓ For horses with dental problems
- ✓ As a supportive feed during illness or to promote regeneration
- ✓ To support the intestines during the cold seasons
- ✓ To support gaining weight for skinny horses
- ✓ For days of rest

Mash is a tasty and light feed which has always played an important role in horse feeding.

Mash is meant to increase the appetite and reliably support horses with digestive problems, after stress or any phases of fatigue. It is also a valuable addition for horses with dental problems, horses that find it hard to gain weight and for senior horses.

With LEXA Natur Mash we rely on the well-tried combination of oats, wheat middling, linseeds and salt. Linseeds deliver a high amount of mucilage which supports and nurtures the intestinal mucosa. Wheat middling which is rich in crude fibre has a slightly laxative effect and in combination with oats and linseed a dietary function. Brewer's yeast functions as a bio-regulator for the intestines and through the naturally contained enzymes and b-vitamins shows a

reliable and supportive support on the intestinal system.

These tested and proven formative substances in LEXA Natur Mash are combined with hydrothermal maize flakes to improve the easily digestible energy supply. Additionally specific herbs for the digestion such as aniseed, cumin, fennel, fenugreek seeds and marshmallow root round off this well-known recipe.

Feeding recommendations:

Large horses up to 1,5 kg Natur Mash mixed with 1,5 – 2 ltr. hot water and left to swell for 20 minutes.

Small horses and ponys up to 1kg Natur Mash mixed with 1 – 1,5l of hot water and left to swell for 20 minutes.

LEXA[®] Horse Feed

for the love of horses

Natur Mash

Composition

Wheat middling, oats, linseed extraction grain, maize flakes (hydrothermally treated and ground), sugar beet molasses, brewer's yeast, linseed oil, carrot cubes, sodium chloride, aniseed, fennel, cumin, garlic, fenugreek seeds, marshmallow roots

Analytical components

Crude protein	15,7 %	Potassium	1,1 %
Crude oil and fat	6,4 %	Lysine	0,7 %
Crude fibre	8,0 %	Methionine	0,3 %
Crude ash	6,0 %	Threonine	0,4 %
Calcium	0,2 %	Cysteine	0,3 %
Phosphorus	0,6 %	Energy (ME)	10,9 MJ/kg
Magnesium	0,3 %	Digestible energy	12,1 %
Sodium	0,6 %		

Additives per kg

Vitamin A	8.100 I.E.
Vitamin D3	810 I.E.
Vitamin E as alpha-tocopherol-acetate	100 mg

Ideally suited:

- ✓ For stressed or heavily strained horses
- ✓ For horses with dental problems
- ✓ As a supportive feed during illness or to promote regeneration
- ✓ To support the intestines during the cold seasons
- ✓ To support gaining weight for skinny horses
- ✓ For days of rest
