love
of horses

Rampion + Ginger

Special features of Rampion + Ginger:

- ✓ A special combination of 20% rampion and 30% ginger
- ✓ Supports problems of the musculoskeletal system

The high-quality ingredient duo for more mobility

Rampion + Ginger contains a combination of 20% rampion and 30% ginger. These tested and proven natural substances reliably support problems of the musculoskeletal system. Carefully pelletized to ensure a trouble-free intake.

Note: Do not feed to pregnant mares – it can have a stimulating effect on the muscles of the uterus

Feeding recommendations:

Large horses: 50 g daily

Ponys and small horses: 20 – 40 g daily

Composition

Ginger, wheat middlings, lucerne meal, rampion, vegetable fat (palm), linseed oil, eucalyptus leaves, whey powder, methylsulphonylmethan (MSM),

Analytical Components

Crude protein	6,1 %
Crude oils and fats	3,4 %
Crude fibre	7,3 %
Crude ash	3,3 %

Tipp:

For chronic problems of the musculoskeletal system we recommend adding special “joint-nutrients” for 3 months at least once a year. Our products Arthro-Plus or Gelenk-Aktiv 20 are especially suited for this therapy.

Please note the national and international doping regulations.

According to the FN (ADMR January 2013) this product has a waiting period of 2 days.

Ideally suited:

- ✓ As a supplement for acute problems of joints, cartilage, ligaments and/or tendons

Garantierte
Qualität!
